

## Keith Johnson Candidate Bio and Statement

Keith Johnson has been MAPS treasurer and membership chair since the fall of 2007. Previously he served in similar positions in SWAP, PPA, and IPS. He has been employed in the planetarium field since July of 1974, and has worked in Texas, Arkansas, Nevada, and New Jersey; currently he is the director of the Edelman Planetarium at Rowan University in Glassboro NJ. He holds a M.S. in astronomy from the University of Arizona. He believes the finances of an organization are part of the glue that holds it together, and tries to do his best to serve effectively and improve member services when the opportunity presents itself.

(Hey, I got through that entire paragraph without making a single joke! Maybe there's hope...)
